

The Unitech PS800 is the ideal on-counter imager for retailers that require high performance in a compact design. Supporting all common 1D and 2D barcodes, the PS800 can be used in a wide variety of markets and applications such as retail, point-of sale, pharmacy, hospitality at affordable price!

The ideal solution for retail, point-of-sale, pharmacy, hospitality applications:

- Point-of-Sale
- Loyalty Card
- Mobile Coupon
- Administration / information service
- Check-in / Check-out
- Personal identification
- Document tracking

Smart and compact design

When space is limited but high performance is required, its compact size and footprint makes it the ideal solution for space-constrained environments.

The PS800 is equipped with an adjustable omni-directional scanning head, you can move its head forward and backward to adjust the scanner to the most convenient hands-free scanning position meeting your needs. Ingegrated with an image auto-induction function effectively reduces power consumption and subsequent core components abrasion. Moreover; the PS800 is designed with an ergonomic finishing grip, suitable for handheld operation (trigger mode).

High performance on-counter scanning

Besides reading all common 1D and 2D barcodes, this on-counter scanner is also able to scan digital mobile barcodes (including QR codes) from various types of displays to enhance service levels, without losing scanning quality or performance.

Featuring a rugged design, the PS800 on-counter scanner is IP50 rated for environmental protection and has a high 1.5 m drop specification, making the scanner durable.

"PS800 is available in USB/HID, USB/SPP and also supports OPOS protocol."

Main Features

- High performance on-counter imager with 5 years warranty* at competitive price!
- · Support wide variety of 1D and 2D symbologies
- Versatile scanning mode to meet different working environment needs
- Reads digital barcodes displayed on the screen of a mobile phone, tablet or computer (incl. QR code)
- Fast and accurate scan, ergonomic design and easily for holding during handheld operation.
- \bullet Rugged and durable design with IP50 and 1.5m drops
- Compact design fitting most confined spaces
- Cost-efficient investment
