Zebra® MC3200

Mobile Computer

RE-SET THE BAR FOR PRODUCTIVITY IN INVENTORY MANAGEMENT WITH THE NEXT GENERATION IN THE CLASS LEADING

Customer satisfaction and the success of your business are tightly tied to how efficiently and accurately you can manage your inventory. You need to know what you have on hand at all times to prevent costly out-of stocks, while your workers need to rapidly and accurately pick orders to ensure that customers receive the right items, on time. With the MC3200, you will. Now with more options, this cost-effective, lightweight and rugged mobile computer provides the tools your workers need to complete inventory-related tasks in seconds, from the store sales floor to the loading dock.

Every day, workers use one of three ergonomic models in the MC3000 Series to bring all day comfort to any job, from voice-picking to the most scan-intensive tasks. And since the MC3000 Series has been one of our most popular mobile computers for over 10 years, you get a tough and tested mobile computer you can trust to take your inventory management efficiency to the next level.

For more information, visit www.zebra.com/mc3200 or access our global contact directory at www.zebra.com/contact.

The MC3200 is at home in...

Retail
- Backroom/ warehouse management
- Price verification/ updates
- Store receiving
- Picking and putaway
- Inventory management
- In-store communications
- Voice-directed applications

Warehousing/ Distribution
- Warehouse management
- Picking and putaway
- Returns processing
- Voice-directed applications
- EDI transactions
- Yard management

Manufacturing
- Inventory management
- Supply-line replenishment
- Safety testing
- Parts tracking

Government (Federal, State and Local agencies)
- Warehouse management
- Asset management and tracking
- Voice-directed applications
- Inspections/ maintenance

The New Face of Retail Mobility.

Cool consumer-styling on the outside — pure industrial design on the inside.

SUPPORTS BOTH ANDROID JELLY BEAN AND MICROSOFT EMBEDDED COMPACT 7

You get the flexibility to choose the leading operating system that best meets the needs of your business and your workers. And the ability to swap operating systems allows you to future proof your investment.*

MOBILITY EXTENSIONS (MX) BY ZEBRA® FORTIFIES ANDROID FOR THE ENTERPRISE

Integrated into Android, Mx adds the features needed to transform Android from a consumer operating system (OS) to a true enterprise-class OS, including security, device management and support for enterprise data capture capabilities.

* OS swap is only supported on Premium CE and Android Configurations. Devices must be sent to a service depot to perform the OS swap.

THE POWER TO SUPPORT THE MOST DEMANDING APPLICATIONS

A dual core 1 GHz processor, your choice of 2 or 4GB of Flash memory and up to 32GB of additional SD memory provides the power to run multiple complex applications — simultaneously.

SIMPLE AND COST-EFFECTIVE ASSET TRACKING — RIGHT OUT OF THE BOX

For many small businesses, keeping track of assets can be too time-consuming and costly to perform more than a few times a year — until now. Pre-loaded on the MC3200, Asset Tracker Lite is the first step in improving asset visibility for businesses of all sizes. No technical expertise is required: employees simply walk through the facility and scan the bar codes on assets for an accurate inventory that tells you what assets you have and where they're located.

Asset Tracker Lite is fast, easy and so cost-effective, you can take asset inventory as often as your business needs dictate — monthly, weekly or daily.

UNPARALLELED BAR CODE SCANNING PERFORMANCE IMPROVES PRODUCTIVITY

Whether you choose the 1D laser or 2D imager engine, your workers get our most advanced scanning technology, able to capture bar codes as fast as they can press the trigger — regardless of whether items are in hand or on high racks in the warehouse, or whether bar codes are scratched, poorly printed or dirty.

1D Laser: Patented Adaptive Scanning technology in our 1D laser offers the widest working range in its class — your workers can capture just about any 1D bar code from near contact to as far as 15'/ 4.5m away.

2D Imager: Zebra's PRZM proprietary technology and the extra wide field of view in our 2D imager enables workers to capture virtually any bar code up to 36"/ 92cm away, as well as scan large bar codes at close range.

FAST WIRELESS CONNECTIVITY WITH 802.11N

Provides the desktop style application performance that improves employee productivity and on-the-job satisfaction.

RUGGED AND READY FOR THE STORE FLOOR, BACK ROOM, WAREHOUSE OR LOADING DOCK

Sealing, drop and tumble testing and a rugged audio jack ensure reliable operation despite everyday drops on concrete, extreme cold and heat, spills and more.

THREE LIGHTWEIGHT MODELS BRING ALL DAY COMFORT TO SCAN INTENSIVE JOBS

Mix and match brick, gun-style or rotating turret form factors with three different keypads to streamline data capture for different types of workers.

COST-EFFECTIVELY UPGRADE FROM ANY MC3000 SERIES MODEL

Accessory compatibility allows you to upgrade to the latest mobile technology and preserve existing technology investments.

FUTURE PROOF APPLICATIONS WITH RHOMOBILE SUITE

RhoMobile Suite support enables the creation of cross-platform apps that can run on iOS, Android, Microsoft Windows and the operating systems of the future.

ENHANCED BATTERY DESIGN

The new all-in-one combination battery/battery door provides one-step fast battery changing.

Specifications Chart*

PRODUCT NAME

MC3200

PHYSICAL CHARACTERISTICS

Dimensions	**Straight Shooter:** 7.49 (L) x 3.22 (W) x 1.78 (D)"/ 190.4 (L) x 81.9 (W) x 45.2 (D)mm *At grip:* 2.4 (W) x 1.35 (D)" 60.9 (W) x 34.2 (D)mm **Rotating Turret:** 8.37 (L) x 3.22 (W) x 1.57 (D)"/ 212.6 (L) x 81.9 (W) x 40 (D)mm *At grip:* 2.4 (W) x 1.35 (D)" 60.9 (W) x 34.2 (D)mm **Gun:** 7.59 (L) x 3.18 (W) x 6.5 (D)"/ 192.7 (L) x 80.8 (W) x 166 (D)mm
Weight (including strap,stylus, and battery)	**Straight Shooter:** 12.88oz./ 365g **Rotating Turret:** 13.13oz./ 372g (with standard battery) **Gun:** 18.0oz./ 509g (with extended battery)
Display	3" color (TFT) (320 x 320) display
Touchpanel	Chemically strengthened glass, resistive touch
Backlight	LED backlight
Keypad Options	• 28-key Numeric • 38-key Shifted Alpha • 48-key Alpha-Numeric
Expansion Slot	User accessible Micro SD slot; (supports up to 32GB microSDHC)
Notifications	LEDs and audio
Audio	Speaker, microphone and headset connector (2.5mm jack)

PERFORMANCE CHARACTERISTICS

CPU	• Standard: Dual core 800MHz OMAP4 Processor or • Premium: Dual core 1GHz OMAP4 processor
Operating System	• Choice of Windows Embedded • Compact 7.0 (Standard or Premium) or • Android 4.1 (Premium)
Memory	• Standard: 512MB RAM/ 2GB Flash • Premium: 1GB RAM/ 4GB Flash
Power	PowerPrecision Li-Ion batteries Two options: High Capacity 4800mAh or Standard Capacity 2740mAh (not available on gun form factor)

USER ENVIRONMENT

Drop Specification	Multiple 4'/ 1.2m drops to concrete across the operating temperature range, multiple 5'/ 1.5m drops to concrete at ambient temperature 73°F/ 23°C; meets and exceeds MIL-STD 810G
Tumble Specification	500 1.64'/ 0.5m tumbles (1,000 drops) at room temperature per IE C 68-2-32 tumble specifications
Operating Temperature	-4~122°F/ -20~50°C
Storage Temperature	-40~158°F/ -40~70°C
Battery Charging Temperature	32~104°F/ 0~40°C
Sealing	IP 54 per IE C specification
Humidity	10%~95% non-condensing
ESD	• EN61000-4-2 • ± 20kV Air discharge • ±10kV direct discharge • ±10kV indirect discharge

DATA CAPTURE

Scanning	• **1D Laser**[1]: SE965 Standard Range with Adaptive Scanning (all models) • **1D/2D Imager**: SE4750-SR (Straight Shooter and Gun models only)

INTERACTIVE SENSOR TECHNOLOGY (IST)

Motion-sensor	• **CE7.0/Premium model:** 3-axis accelerometer that enables motionsensing applications on dynamic screen orientation, power management and free-fall detects; • **Android:** 3-axis accelerometer that detects screen rotation

VOICE AND AUDIO

• PTT (client included)
• High-quality speakerphone
• Wireless (Bluetooth) and wired headset support
• PTT will support headset and speakerphone mode.

NETWORK COMMUNICATIONS

I/O: USB 1.1 Full Speed Host/Client or RS232

APPLICATIONS

Included Applications: Asset Tracker Lite

WIRELESS LAN VOICE AND DATA COMMUNICATIONS

Radio	IEEE ® 802.11a/b/g/n
Security	• **Security Modes:** Legacy[3], WPA and WPA2 or (Personal or Enterprise); 802.1X • **Encryption:** WEP 40/WAP104, TKIP and AES • **Authentication:** TL S; TTL S (CHAP[3], MSCHAP, MSCHAPv2, PAP or MD5[3]); PE AP (TLS[3], MSCHAPv2, GTC); LEAP; FAST (TLS[3], MSCHAPv2, GTC) • **Other**: Wi-Fi CCXv4 certified; supports IP v6; FIP S 140-2 certified (Android), Q4-2014 (WinCE)
Antenna	Internal antenna w/diversity
Data Rates	• 802.11a/g: up to 54Mbps • 802.11b: up to 11Mbps • 802.11n: up to 65Mbps (72 Mbps w/SGI)
Operating Channels	Chan 36-165 (5180~5825MHz), Chan 1-13 (2412~2472MHz); Actual operating channels/ frequencies depend on regulatory rules and certification agency

WIRELESS PAN DATA AND VOICE COMMUNICATIONS

Bluetooth®	Class II, v2.1 with Enhanced Data Rate (EDR); integrated antenna

PERIPHERALS AND ACCESSORIES

• Single-slot USB/RS232 charging cradle with spare battery well
• Four-slot charge only cradle
• Four slot Ethernet cradle
• Four-slot battery charger
• Universal battery charger adapter
